

[INTEGRATION LIVE CARD](#)[INSTALL/INTEGRATION SERVICE AGREEMENT](#)[INTEGRATION RATE SHEET](#)

SHOWPHAZE RESERVES THE RIGHT TO ALTER RATES BASED ON VARIOUS FACTORS. REQUESTS MADE WITHIN 2 WEEKS OF EVENT MAY REQUIRE A PREMIUM RATE.

*PREMIUM CITIES: BOSTON, CHICAGO, DENVER, MIAMI, SEATTLE, NEW YORK, WASHINGTON DC AND THE STATE OF CALIFORNIA.

ROLE**ABRV****ROLE DESCRIPTION****TIER 2****TIER 1****AUDIO**

Audio Systems Engineer

ASE

Oversees the installation, configuration, and testing of PA systems, DSPs, and other audio equipment to meet project deadlines and design specifications.

80

85

Audio Integration Specialist

AIS

Skilled in networked audio (Dante/AES67), rack building, system tuning, and configuring multi-zone audio distribution for permanent installs.

75

80

Audio RF Specialist

RF

Designs and coordinates wireless microphone and IEM systems for fixed installations, including frequency planning and spectrum analysis in high-traffic RF environments.

75

80

Audio Install Technician

AT

Performs cable pulls, terminations, speaker mounting, and basic troubleshooting under supervision.

70

75

Rack & Wiring Tech - Audio

ARF

Specializes in building, wiring, and labeling audio racks to engineered drawings.

65

70

LIGHTING

Lighting Systems Engineer

LSE

Designs, installs, and commissions architectural and theatrical lighting systems, including control networks (ETC, DMX, ArtNet).

75

80

Lighting Install Technician

LIT

Mounts fixtures, runs cable, addresses devices, focuses lighting, and assists with system testing.

70

75

Master Electrician – Install

ME

Manages electrical distribution and ensures safe power delivery for AV and lighting systems, including breaker tie-ins and load balancing.

80

85

VIDEO

Video Systems Engineer

VSE

Designs and integrates projection, LED displays, video processing, and routing systems for fixed environments.

75

80

LED Installation Technician

LED 2

Assists in the assembly, cabling, and mounting of LED video wall systems.

55

60

LED Engineer – Install

LED 1

Programs, calibrates, and troubleshoots modular video wall systems during installation.

75

80

Projection Install Technician

PIT

Mounts, aligns, and networks projectors for multi-screen or blended applications.

60

65

VIDEO

| | | |
|---------------------------------|-----|---|
| Media Server/Control Programmer | MS1 | Configures and programs advanced media server systems (Watchout, Resolume, Millumin) for permanent installations. |
| Video Install Technician | V2 | Runs and terminates video cabling, mounts displays, and assists with system configuration. |

I/T

| | | | | |
|-------------------------------|------|---|----|--------------------|
| Network Specialist - AV | NETS | Designs, deploys, and maintains AV-over-IP networks, VLANs, and device control systems. | 60 | 65 |
| Digital Signage Lead | DSL | Oversees the installation and configuration of signage systems, players, and content management solutions. | 60 | 65 |
| Control Systems Programmer | CSP | Programs Crestron, AMX, or Extron systems for automation, switching, and control in fixed installations. | 80 | (Call For Price) |
| Digital Signage Lead | DSL | Oversees setup, troubleshooting, and content management. | 70 | 75 |
| Digital Signage Technician | DST | Assists lead with setup, troubleshooting, and content management. | 60 | 65 |
| Digital Orchestrate Server Op | DOS | Manages the server rack, assigning IP addresses to process Power Point and content. | 80 | (Call For Price) |
| Network Specialist | NetS | Network Specialist tasked with setting, deployment, operation and maintenance of network servers and connected devices. | 80 | (Call For Price) |

PROJECT & SITE MANAGEMENT

| | | | | |
|------------------------------|-----|---|----|----|
| Integration Project Manager | IPM | Oversees all phases of an AV installation project, coordinating between design, engineering, and field teams. | 65 | 70 |
| Lead Installer | LI | Directs on-site crews, ensures work follows drawings/specs, and manages safety compliance. | 80 | 85 |
| Field Commissioning Engineer | FCE | Performs final system testing, optimization, and client training. | 70 | 75 |
| Crew Lead | CL | Manages the sign in and out of technicians while reporting to the project lead. | 65 | 70 |

CARPENTRY & RIGGING

| | | | | |
|--------------------------------------|-------|--|----|----|
| Carpentry/ Infrastructure Technician | CARPT | Builds mounting structures, AV walls, and custom housings per design. | 70 | 75 |
| Rigging Specialist – Install | RGI | Installs overhead supports for speakers, lighting, and displays in accordance with engineering and safety standards. | 65 | 70 |

EQUIPMENT OPERATORS

| | | | |
|-----------------------------|------|---|----|
| BOOM Op | BOOM | Certified Boom or Man lift operator. Takes direction from lead. Manages operating duties in high up and difficult to reach areas with lift equipment. | 70 |
| Forklift Op | FORK | Certified Forklift operator. Takes direction from lead. Is not tasked with calling load. | 65 |
| LULL/ TELE FORK/ Class 7 | LULL | Certified operator. Tasked with heavy load lifting in a telehandler lift. | 75 |
